

Rib Pendants

The Rib Pendants are available in three shapes and five sizes, designed to stand alone or in various grouped arrangements. Each glass pendant is blown in Italy and delicately framed by thin brass ribs. A cylindrical brass finial, with optional hand-wrapped leather or suede, elongates the pendant and adds a finishing touch of refinement.

The collection continues Konekt's exploration of opposing characteristics — finding contrast and balance between strength and fragility, soft curves and sharp lines, adornment and moderation.

Rib Pendant - Small Ellipse
